ASSOCIATION OF HEALTHCARE INTERNAL AUDITORS TREASURER'S REPORT 2008 FINANCIAL PERFORMANCE

By Mike Fabrizious

Heider, Tanner & Dirks, Inc., external auditors for AHIA have completed their audit of the 2008 financial statements, which resulted in an unqualified opinion. In addition, no deficiencies in internal control were reported. The Association has a strong balance sheet with cash totaling \$454,771 and members' equity of \$395,861. During 2008, AHIA increased members' equity by \$54,557.

AHIA's 2008 revenue was generated from:

- Membership Dues (34%)
- Annual Conference and Other Continuing Education Programs (64%)
- Advertising, Interest and Other Income (2%)

The majority of AHIA's 2008 expenses were associated with member benefits, which primarily includes expenses associated with the annual conference and other continuing education programs, the Association's award winning journal, *New Perspectives*, the AHIA internet/website and other strategic initiatives. In addition, expenses were incurred by AHIA for management services, general administrative expenses, Board-related expenses and professional services.

The Resource Center for Associations continues to manage AHIA, providing vital services to your Association.

If you would like to review the 2008 AHIA audited financial statements, they are posted on the AHIA website (www.ahia.org) in the Members Login section. Contact me at (858) 499-3531 if you have any questions regarding your Association's financial statements. **NP**

Mike Fabrizious is the 2009 Secretary/Treasurer and Chair-elect for 2011. He is also Vice President of Internal Audit with Sharp HealthCare, in San Diego, California.
